Cook Time: 45 minutes

Ingredients

__ 1 16oz Package of Phyllo Dough

__ 3 Sticks of Butter

__

For the Filling:

__ 4 cups of Chopped Walnuts

__ 1/2 cup of Granulated Sugar

__ 4 Tbsp of Melted Butter

__ 1-1/2 tsp of Cinnamon

__ Zest of One Lemon

__ Zest of One Orange

__ 1/4 tsp of Salt

__

For the Syrup:

__ 1/2 cup of Granulated Sugar

__ 3/4 cup of Honey

__ 1 Cup of Water

__ 2 tsp of Vanilla Extract

__ Juice of 1/2 lemon

1) Preheat your oven to 350 degrees.

2) In a food processor, add the nuts and pulse until finely chopped, add them to a large bowl and to them, add the sugar, lemon zest, orange zest, butter, cinnamon and salt, mix well to combine and set aside.

3) In a small saucepan, add the 3 sticks of butter (1-1/2 cups) melt the butter over medium-low heat and remove from the heat to cool slightly.

4) Unwrap the phyllo dough, trim it to fit a 9x13 baking pan and while you work with the pastry, make sure you always keep it covered with a damp kitchen towel so it doesn't dry out.

5) Brush some of the butter on the bottom of the baking pan, then lay one piece of phyllo in the bottom, brush some butter evenly over the whole surface of the phyllo and follow that with another piece of phyllo. Keep buttering each piece and layering a total of 8 pieces of phyllo on top of each other, sprinkle over about 3/4 of a cup of the nut mixture and then layer 6 pieces of phyllo (with butter in between) on top of the first layer.

6) Keep layering and here is the layer breakdown:

8 pieces of buttered phyllo, 3/4 cup of filling

6 pieces of buttered phyllo, 3/4 cup of filling

6 pieces of buttered phyllo, 3/4 cup of filling

6 pieces of buttered phyllo, 3/4 cup of filling

6 pieces of buttered phyllo, 3/4 cup of filling

8 pieces of buttered phyllo as the very top layer.

7) Brush the very top with some butter, then using a sharp knife, cut the baklava into squares or a diamond pattern (check video for clear instructions) bake the baklava for 40 to 45 minutes or until golden brown on top.

8) Meanwhile, while the Baklava bakes, make the syrup. Simply add the water, honey, sugar, vanilla and lemon juice in a saucepan and cook over medium heat until the sugar dissolves, about 5 minutes. Remove from the heat and allow it to cool.

9) When the baklava comes out of the oven, immediately pour over the honey syrup, allow it to come to room temperature then lightly cover it with a kitchen towel and allow it to sit for about 6 hours or overnight before serving.
